Dear Parents and Carers

Keeping our Community safe: Covid-19

As we find ourselves moving towards the end of this current phase of lockdown, I would like to remind you all that now more than ever, we should be limiting our contact with others.

As a community, we must continue to be vigilant in following national guidance i.e. washing or sanitising our hands regularly, wearing face coverings in shared public spaces and maintaining social distancing. We should not be mixing with other households unless they are part of our wider support bubble.

I would also ask you to remind your child/children that they must not socialise with others after school or on a weekend. While I know this can be difficult to manage, the more direct social contacts we have the more we risk catching Covid-19 and the greater our potential to spread it to others.

Finally, I would remind you that, if you are asked to isolate your child at home for 14 days because their class group has been forced to isolate, or because you have been contacted by Track and Trace and asked to isolate your child or family, you must follow this request.

Thank you for your support with this. It will help all our school communities to stay safe.

Yours sincerely

Elizabeth Horne CBE
